

International SAP Conference for Oil and Gas

The Intelligent Enterprise for Energy -
Optimize. Extend. Transform.

April 2-4, 2019
Milan, Italy

TAC
Events

Powered by T.A. Cook

THE BEST RUN

Welcome

The Intelligent Enterprise for Energy – Optimize. Extend. Transform.

As they emerge from challenging years shaped by price volatility, many oil and gas organisations are now significantly different businesses. They have slimmed their operations and refocused their strategy. Yet, change just seems to be the new normal and agility is more important than ever.

We are very excited to bring you the 2019 **International SAP Conference for Oil and Gas**. For the very first time we are heading to Milan, Italy, where you will have the opportunity to discover how major oil and gas companies are using SAP innovation to enable their transformation to intelligent energy enterprises.

Why should you join us?

- Plan your business strategy and transformation based on business insights, best practices and roadmaps presented by SAP executives and solution experts
- Establish a business case for future projects, building on the experience of SAP customers and complimentary input from SAP and SAP's partners
- Reinforce your solution knowledge during deep-dive workshops
- Organize one-on-one meetings with SAP's executive team, subject matter experts, customer peers, and partners
- Gain practical advice from SAP users during case study presentations
- Make new connections and strengthen existing relationships during dedicated networking breaks and at our exciting evening event
- Benefit from partner showcases, SAP microforums and live demos in our vibrant exhibition

If you and your team are interested in attending, make sure to secure your seats as soon as possible! If you have questions, please don't hesitate to contact the T|A|C Events team at info@tacook.com.

Get your passports ready and your flights booked for what is set to be our most exciting and innovative event yet.

Kind regards,

Benjamin Beberness
Global Vice President IBU Oil and Gas, SAP

Patricia Clemas Sanchez
Partner and SVP, T|A|C Events

Welcome from our Diamond Sponsor

It has been another exciting year since our last conference in Lisbon and the oil and gas industry's rotation to SAP S/4HANA® has only accelerated. We have watched as SAP S/4HANA triggered broad enterprise transformation, creating new business models and new business value within the industry. There have been major developments for the Accenture and SAP partnership in oil and gas as well. Together, we continue to co-innovate, co-develop, and co-deliver. During 2018, we launched Accenture myConcerto – an insight-driven, integrated platform that fast-tracks the enterprise transformation journey. We reengineered our intelligent enterprise solutions for oil and gas on the foundations of the SAP® Model Company service, becoming the first company – and first SAP partner – to offer fully integrated implementation assets and approaches to the industry. We embarked on the first co-development initiative to develop SAP S/4HANA Cloud for upstream oil and gas, a solution that offers industry-defined processes to accelerate the journey to the Intelligent Enterprise. In recognition of our partnership, it was our privilege to receive the inaugural SAP partner of the year award in the area of oil and gas.

I hope you find the agenda for this year's conference innovative and inspiring as you continue your digital transformation journey. I look forward to seeing you in Milan.

Silke Lehmann

Managing Director, Global SAP Oil & Gas Lead
Accenture

About Accenture

Accenture is a leading global professional services company, providing a broad range of services and solutions in strategy, consulting, digital, technology, and operations. Combining unmatched experience and specialized skills across more than 40 industries and all business functions – underpinned by the world's largest delivery network – Accenture works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders. With 459,000 people serving clients in more than 120 countries, Accenture drives innovation to improve the way the world works and lives. Visit us at www.accenture.com

Accenture's Energy Industry Group helps the world's leading oil and gas companies transform to compete in today's digital world. With more than 30 years of experience in the energy industry, our services span the entire energy value chain, including upstream, downstream, oilfield services, and pipelines. Our 13,000 plus oil and gas consultants work in 50 countries serving more than 230 oil and gas clients globally, including 79% of the oil and gas companies in the Fortune Global 500. Our clients include international oil companies (IOCs), national oil companies (NOCs), and independent, new energy, and oilfield and equipment service companies. Visit us at www.accenture.com/energy.

About Accenture's Relationship with SAP in the Oil and Gas Industry

Accenture is the first and only SAP partner to work end to end on co-innovation, co-development, and co-delivery of SAP S/4HANA. Accenture's global team of more than 47,000 practitioners focused on SAP software delivers more than 1,500 cross-industry SAP software implementations every year, from straightforward implementations to large-scale transformational change programs – more than any other systems integrator. Spanning four decades, including co-developing the SAP for Oil & Gas solution portfolio (IS-Oil) in the 1990s, the Accenture and SAP alliance enjoys more than 20 years of joint solution development. And most recently, in an unprecedented collaboration, SAP and Accenture joined forces in a core and industry platform development and go-to-market initiative for SAP S/4HANA. Through this collaboration, Accenture is working with SAP to build the next generation of oil and gas industry solutions on SAP S/4HANA.

For more information, please visit us at www.accenture.com

Pre-Conference Workshops

April 2, 2019

Led by industry experts, these pre-conference deep dives will feature presentations, demos and real-life scenarios that together represent years of experience with SAP solutions across a variety of business situations.

Please note that you cannot switch between parallel workshops. Each workshop will include refreshment breaks and lunch.

For more detailed information please visit www.tacevents.com/oilandgas-workshops.

The following workshops will take place between 09:00 - 17:00

Workshop 1: The Road to the Intelligent Enterprise for the Oil and Gas Industry

Philip Sievers and Juergen Butsmann, SAP

The following workshops will take place between 09:00 – 12:30

Workshop 2: A Strategy for Oil and Gas Companies with SAP S/4HANA Cloud

Stephane Lauzon, SAP

Workshop 3: Next-Generation Asset Management in the Intelligent Oil and Gas Enterprise

Ken Pierce and Mark Pyatt, SAP

Workshop 4: Hydrocarbon Supply and Distribution Management – Manage Primary Distribution and Refinery Operations for the Intelligent Enterprise

Ajay Sharma and Jawad Khan, SAP

The following workshops will take place between 13:30 – 17:00

Workshop 5: Business Model Innovation for the Intelligent Enterprise in Oil and Gas – From Conceptualization to Realization

Arif Abdullah, Robert Gunter and Jens Breuker, SAP

Workshop 6: SAP Model Company – Enabling the Intelligent Enterprise

Vittorio Ferrara and Abdul Rajbhoy, SAP

Workshop 7: Enhance Customer Experience and Collaboration with Innovation in the Station Retail Business

Jens Bugge, SAP

Workshop 8: Extending the Intelligent Enterprise to the Contractor Workforce: Using Technology to Develop Qualified, Safe, and Engaged External Workers

Autumn D. Krauss and Kate McNeel, SAP

Conference Agenda

April 3, 2019

08:00	Registration Open and Welcome Refreshments
08:50	Take your Seats and Enjoy the Opening Performance
09:00	Welcome and Opening Remarks Benjamin Beberness and Miguel Gaspar, SAP Jan van den Bremen, Accenture
09:20	Executive SAP Keynote Address: The Energy Industry in the Experience Economy <ul style="list-style-type: none">• Find out how energy companies are using digital technologies and next-generation business practices to create new business outcomes for their customers• Explore how SAP® software enables energy companies to deliver on their promise to provide reliable, affordable, and sustainable energy• Get an overview of the SAP product and solution road map for intelligent enterprises Peter Maier, SAP
09:50	Customer Keynote: Energy Markets in Transition - Maximizing Your Business Strategy and Performance <ul style="list-style-type: none">• Energy trends, opportunities and challenges• Identifying how best to evolve and adapt your processes and operations• What can operators expect from the future energy market? Customer Speaker to be Announced
10:20	Industry Expert Keynote Address: Establishing a Forward-Thinking Business Strategy During Times of Energy Transition <ul style="list-style-type: none">• Vision and business challenges of energy companies for 2025• Key ingredients for a forward-thinking business strategy during energy transition times• Lessons learned from leveraging information technologies to drive change and business outcomes Peter Molengraaf, Industry Executive and Former CEO, Alliander AG
10:50	Refreshments Break, SAP Microforums, Partner Showcases, and Time to Browse Shared Exhibition
11:45	Welcome from the Oil and Gas Industry Chairman Peter Schlemmer, SAP
12:00	Oil and Gas Industry Customer Keynote: Driving Digital Transformation in the Oil and Gas Industry Customer Speaker to be Announced
12:30	SAP Industry Keynote: Shaping the Intelligent Energy Enterprise <ul style="list-style-type: none">• Learn about SAP's strategy to deliver the Intelligent Energy Enterprise• Consider the seamless choice of on-premise and cloud delivery• Hear how SAP is collaborating with world-leading oil and gas stakeholders to develop industry-specific cloud solutions for upstream and downstream Benjamin Beberness, SAP
13:00	Lunch Break, SAP Microforums, Partner Showcases, and Time to Browse Shared Exhibition

Conference Agenda

April 3, 2019

	Connected Assets and Operations	Downstream Operations and Customer Engagement	The Intelligent Enterprise for Energy
14:45 – 15:15	Customer Case Study: Using Predictive Maintenance to Optimize Pipeline Maintenance Speaker to be Announced, Gazprom	SAP Insight: Downstream Strategy and Road Map for the Intelligent Enterprise Jean-Marc Delbos, SAP	Customer Case Study: Changing the Game – Blockchain for Traceability Tanya Doyle, Pacific Gas and Electric Company
15:20	SAP Insight: Adopting Risk-Based Maintenance: Enabled by the SAP Asset Strategy and Performance Management Application Dean Fitt, SAP	Customer Case Study: Improving Refinery Performance Through Digital Transformation Customer Speaker to be Announced	SAP Insight: Extending the Intelligent Enterprise with Co-Innovation Frank Ruland, SAP
15:50	Refreshments Break, SAP Microforums, Partner Showcases, and Time to Browse Shared Exhibition		
	Connected Assets and Operations	Downstream Operations and Customer Engagement	The Intelligent Enterprise for Energy

Conference Agenda

April 4, 2019

13:20	Lunch Break, SAP Microforums, Partner Showcases, and Time to Browse Shared Exhibition
14:30	Analyst Closing Keynote Address: The Digitally Determined Energy Company <ul style="list-style-type: none">• Energy and digital technology driving change across the industry• Digital maturity in the energy industry and what separates “digitally determined” from “digitally distraught” companies• Common obstacles to digital transformation and how to overcome them – A rule of thumb to get digital done Jean-François Segalotto, IDC
15:00	Technology Closing Keynote: Technology in the Intelligent Enterprise <ul style="list-style-type: none">• The pace of technological innovation - it's not slowing down• Technology innovation - it's not limited to the digital world• Technology innovation in materials, mechanical, chemistry and workforce• Technology fatigue: hype vs reality• What can we expect in the next few years? Kevin O'Donovan, Technology Evangelist
15:30	Closing Remarks Benjamin Beberness and Miguel Gaspar, SAP
15:45	Close of Conference

Join Our Celebration Night

April 3, 2019

We are delighted to announce the location of our celebration evening. Join us at the Old Fashion Milano for an evening of fun, networking and relaxation after a long content focused day.

Established in 1933 this is one of Milan's most historical and famous clubs. Located downtown, in the Parco Sempione, you'll have the opportunity to enjoy delicious food, plentiful drinks and unmissable entertainment.

Date: April 3, 2019

Location: Old Fashion Milano, Milan City Centre

Departure: 18:30

Return: From 22:00 onwards

Partner Showcases

April 3-4, 2019

Join the SAP partners for detailed insight into oil and gas hot topics, solutions and industry trends. The partner show case sessions will be taking place during the scheduled breaks on Wednesday 3rd and Thursday 4th April and are open to all attendees. The full schedule and timings will be released closer to the time of the event, as will further partner showcases that are yet to be announced.

Increase Customer Accessibility with Process Evolution on SAP® Cloud Platform

- Collecting consumer data while increasing customer benefits and loyalty
- Extending the standard SAP Secondary Distribution for Oil & Gas application to support customer-centric process automatization
- Driving the evolution of your downstream business with the SAP S/4HANA Oil & Gas solution for secondary distribution management and SAP S/4HANA Oil & Gas for retail fuel network operations

Cornelia Juds, Implico GmbH

How Maverick NewGen Energies Is Convincing the Energy Industry About Cloud

- Across the world, energy companies are facing disruption from a changing energy mix and rapid advances in technology
- Maverick's most transformational impacts may not be around technology – but in changing people's perceptions of what's possible
- Now at the heart of a massive change in management processes, people across the energy industry can see for themselves what cloud is and the benefits it can provide

Mark Moffat and Sharonee Dutta, PwC

Integrating GIS with SAP Software, LAM, and Geo-Enablement

- Why integrate geographical information systems (GISs) with SAP software
- When to consider linear asset management (LAM)
- Advantages of SAP Geographical Enablement Framework
- Business processes to consider
- Typical lessons learned from implementation projects over multiple lines of business

Ed Hudak, Vesta Partners LLC

Emerald Sponsors

Implico

The combination of our outstanding experience in the oil and gas industry and our in-depth knowledge of SAP software that supports downstream oil and gas companies places us in an extraordinary position to support your business. We help you with best practices for your digital journey, enabling you to prepare for the future and realize your vision of leadership and quality.

SAP and Implico

As the only factory for software from SAP that supports companies active in the downstream sector of the oil and gas industry, Implico develops oil and gas secondary distribution and retail fuel network solutions. The SAP S/4HANA Oil & Gas solution for secondary distribution management provides functionalities to efficiently manage, standardize, and automate order-to-cash for refined products and liquefied petroleum gas. The SAP S/4HANA Oil & Gas solution for retail fuel network operations enables the management of service station networks, including forecasting and replenishment, fleet and payment card management, and dealer settlement. SAP Business Suite applications and SAP S/4HANA – both of which include functionality for secondary distribution and retail fuel network operations – are integrated business solutions uniquely suited for all downstream processes.

For more information please visit www.implico.com

Innovapptive Inc

At Innovapptive Inc., our purpose is to help improve people's lives with the next-generation Connected Workforce Platform. Innovapptive's platform digitally connects the entire industrial workforce, executives, and back office to minimize plant outages and improve operational excellence. By engineering a platform that fuels innovation and collaboration, we are transforming the experience of the industrial worker to help uplift revenues and margins for our customers. Together with our employees, customers, and partners across the globe, we are growing economies of some of the world's largest brands.

For more information please visit www.innovapptive.com

Nativion

As an SAP gold partner with SAP Recognized Expertise in the utilities industry, Nativion Ltd. provides innovative solutions and services for landscape transformations. It helps customers transition to SAP S/4HANA® Cloud or the SAP S/4HANA on-premise software, while respecting privacy and protection programs. Nativion provides a full analysis and solution road map to help companies become compliant with international data privacy regulations, such as the General Data Privacy Regulation. It helps company comply with state regulations, like the California Privacy Act. Nativion is currently the only company in the world with an on-demand competence centre for data privacy and security concerns. The centre focuses on issues like consent; information lifecycle management, including archiving, blocking, and deletion; and Nativion's Data Subject Rights app, which was co-Innovated on SAP® Cloud Platform.

Nativion has many years of experience with the SAP for Utilities solution portfolio and a close relationship with SAP, especially in system landscape optimization for utilities companies. Nativion experts also offer billing solutions and top-of-the-line services that give customers an unbeatable market advantage.

Cross Industry PLUS Sponsors

Anyline GmbH

Anyline GmbH digitalizes analogue data for its customers, saving them money while reducing errors and mitigating risks. Using the newest and most innovative artificial intelligence approaches, Anyline is able to scan and digitalize values from different meter types. Major global players like E.ON SE, Siemens AG, Tieto Oyj, and OMV AG made the important decision to tap full into Anyline capabilities to extract real-world information and link that information to its digital twin, reducing costs at the same time.

For more information please visit www.anyline.com

Amazon Web Services (AWS)

In 2006, Amazon Web Services (AWS) began offering IT infrastructure services to businesses in the form of web services -- now commonly known as cloud computing. One of the key benefits of cloud computing is the opportunity to replace up-front capital infrastructure expenses with low variable costs that scale with your business. With the Cloud, businesses no longer need to plan for and procure servers and other IT infrastructure weeks or months in advance. Instead, they can instantly spin up hundreds or thousands of servers in minutes and deliver results faster.

Event Fees

Type	Early Bird	Standard
Conference Only	€ 1190	€ 1350
Half Day Workshop	€ 400	€ 400
Full Day Workshop/ Two Half Day Workshops	€ 800	€ 800

* All fees are subject to 22% VAT

** Early Bird Fee is valid until 15th February, 2019

NOTE: Payment should also be received by the deadline for the early bird discount to
apply.

Terms and Conditions

Registration Cancellation and Substitutions Cancellations must be made in writing at
least two weeks before the beginning of the event. In this case we will charge a processing
fee of £175.00, €200.00 or \$250.00 dependent on the currency of the event that you
have registered for. Cancellations received less than two weeks before the event will be li-
able for the full registration fee. This also applies to registrants who do not attend the
event. If a participant cannot attend for whatever reason, it is of course possible to nomi-
nate a substitution. Substitutions must be received in writing, must be addressed to the
registration office and must include the names of both the original and the substitute reg-
istrants. We reserve the right to cancel your registration or refuse access to the event.

Payment Participation in an event is only possible if payment has already been received,
or if it is submitted at the event via credit card payment or bankers draft/cheque. Please
note that non-attendance for any reason is subject to the cancellation terms laid out
above.

Liability You agree to indemnify and hold T.A. Cook Consultants and its business lines
harmless against any and all loss, liability, damage, costs, expense, claims, proceedings
and actions arising out of any negligent act or omission of client or their representatives;
including any breach of these terms and conditions. The attendee is responsible for ar-
ranging appropriate insurance cover in connection with their attendance at this event, in-
cluding prevention, postponement or abandonment. T.A. Cook and its business lines can-
not be held liable for any loss, liability or damage to personal property. T.A. Cook and its
business lines are not liable for damages due to technical malfunctions that may occur.
We bear no responsibility if it is necessary to exchange, cancel, modify or postpone an
event due to an unforeseen event or act of God, including, but not limited to, armed con-
flict, civil unrest, terrorist threats, natural disasters, severe weather, significant influence
on transport.

Organisers' Changes We reserve the right to make changes to the event programme or
to cancel the event in the case of insufficient delegate numbers. In this case, the delegate
attendance fee will be refunded in full, though we are not liable for any further costs in-
curred by delegates in connection with their attendance. We do our best to ensure all pre-
sentations are available for electronic download, but in some cases, cannot guarantee
that speakers will make their presentations available for sharing post-conference.

Data Policy By registering for this event, you grant us permission to use your data to ful-
fill our contractual obligation towards you. If this is the first time you are registering for an
event with us your details will be held on our internal database for this purpose only, and
will not be included in future marketing unless your consent is provided. If you have an ex-
isting relationship with us, you can access your profile information at any time to update
your marketing preferences or to unsubscribe. We will share your details as part of our
participant lists to delegates and speakers before or onsite at the event. If you object to
this data sharing, please notify us by email data@tacook.com. Your data may also be
shared with third parties to fulfil our contractual obligations to you. We will only supply
your information to event partners and sponsors if your explicit consent is given. For fur-
ther information, please visit www.tacevents.com/uk/privacy-cookie-policy/
